Executive Summary

Mississippi Office of Student Financial Aid Purpose and Mission

The Mississippi Office of Student Financial Aid (Office) is the administering agency for all state-funded student financial aid programs. The Office operates under the auspices of the Board of Trustees of State Institutions of Higher Learning, but the Mississippi Postsecondary Education Financial Assistance Board has authority over all programs. The Office is guided by a two-fold public service mission to provide financial assistance to students in pursuit of educational and professional goals and to help the state fulfill critical needs in specific service areas and achieve the goal of a more educated citizenry. The Office seeks to build public awareness of the diverse financial resources available through ongoing communication with individuals, colleges and universities, secondary schools, governing boards, legislators, communities, and others.

Funding for the 2019-20 Aid Year

For the 2019-20 Aid Year, the Office received an appropriation of \$41.72 million in general funds, an increase of \$2.06 million or 5.19% from the previous year. The Legislature initially gave the Office authority to spend up to \$1.34 million from other funds (Federal grants, investment interest income, collection revenues, etc.). About \$1.3 million was available from prior and current year collections and \$32,921 from the Nissan trust. The 2020 Legislature gave the Office a deficit appropriation of \$2.5 million and authority to spend an additional \$1.5 million in special source funds for a total appropriation of \$47.06 million, an increase of \$3.29 million or 7.51% from the previous year.

Expenses for the 2019-20 Aid Year

The total appropriation of \$47.06 million was available for expenditure; therefore, the total operating budget for the year was \$47.06 million. The Office expended \$45.51 million on state-supported awards, \$351,482 on prior year awards, and \$1.14 million on administration for a total \$47.01 million. The Office ended the year with unused funds in the amount of \$47,670, which are being carried forward for use during Fiscal Year 2021.

Overview of 2019-20 Awards and Unfunded Awards

The Office awarded 26,831 awards, totaling \$45,513,697 to 26,322 students through state-supported student financial aid programs during the 2019-20 Aid Year. Some students receive more than one award or receive an award at more than one institution, in which case the award is counted twice. The average award for state-supported student financial aid programs for the 2019-20 Aid Year was \$1,696, an increase of \$71 or 4.34%. Due to the availability of state support, some student financial aid programs cannot be fully funded every year. For the 2019-20 Aid Year, forgivable loans were not awarded to new applicants in many programs and were not awarded to any applicants in some programs. An estimated 996 eligible applicants in the loan repayment and forgivable loan programs were not awarded, resulting in a funding disparity of \$4.62 million.

Distribution of Aid by County

A total of 26,322 unique individuals, representing all 82 Mississippi counties, received aid during the aid year. The number of award recipients when counted by county is less than the total number of awards, due to the fact that some students receive aid through more than one program or transfer mid-year, in which case the student's award would be counted twice.

Demographics of State-Supported Student Financial Aid Recipients

A total of 26,322 individuals received aid through at least one state-supported student financial aid program. Of these aid recipients, 90.5% are dependent students and 9.5% are independent. Male students make up 41% of all aid recipients, while females make up the other 59%. Traditional age students, age 16-24 years, represent 97.8% of all state aid recipients. Of all state aid recipients, 20% classify themselves as African-American, while 71% classify themselves as Caucasian. The remaining 9% of recipients classify themselves as Alaskan Native/American Indian, Asian/Pacific Islander, Hispanic, or Other. Only 19% of aid recipients have family incomes in the lowest income quintile (\$0-\$30,000); and 15% have family incomes in the second income quintile (\$30,001-\$48,000); 16% have family incomes in the third income quintile (\$48,001-\$75,000). The remaining 50% of state aid recipients have family incomes over \$75,000.

Distribution of Aid by Institution Type

The Office awards financial aid to students at private and public four-year colleges and universities and to students at public two-year colleges. Aid is awarded to students attending out-of-state institutions when the program of study is not available to the student in Mississippi. Mississippi also repays undergraduate student loans for teachers working in critical teacher shortage areas.

Executive Summary

Distribution of Aid by Award Type

Grants and forgivable loans are the two primary forms of state-supported student financial aid. Grants are awards that do not have to be repaid. Forgivable loans are awards that may be repaid over time with interest or may be repaid with service. Loan repayment is also available for teachers in critical need areas. Of all state-supported student financial aid awarded in the 2019-20 Aid Year, grants made up 99.9% and forgivable loans made up 0.1% of funds.

Distribution of Aid by Classification

The bulk (98.7%) of state student financial aid dollars is awarded to undergraduate students. Only 1.3% of aid goes to graduate students. All graduate aid is awarded in the form of forgivable loans.

Distribution of Forgivable Loans by Classification

All grant aid is awarded to undergraduate students, but forgivable loans are awarded to both undergraduate and graduate students. Undergraduate students received 1% of forgivable loan dollars, while graduate students receive the remaining 99%.

Distribution of Forgivable Loans by Shortage Area

Forgivable Loans are awarded primarily to students in education and health-related majors. Of the forgivable loans awarded, 13% went to education majors and 87% went to students in health-related majors. No awards were made to majors in other fields.

Distribution of Undergraduate Forgivable Loans by Shortage Area

A student majoring in education received 100% of forgivable loan money awarded to undergraduates. Undergraduate students in health-related majors did not receive funds.

Distribution of Graduate Forgivable Loans by Shortage Area

Students in health-related majors received 100% of forgivable loan money awarded to graduates. Graduate students in education and other majors did not receive any state funding.

Forgivable loans may be repaid through service or money. ECSI, Inc. manages state accounts in repayment. If ECSI is unable to manage an account, the account is placed with a collection agency. During the 2019-20 Aid Year, 2,586 forgivable loan accounts were under management. The pie charts represent the number of accounts and the \$24.2 million outstanding principal balance at the close of the fiscal year.

Revenue Collected

Revenue is collected in repayment of forgivable loan accounts. During the 2019-20 Aid Year, \$1.4 million was collected in repayment of principal, interest and fees. Of the funds collected, \$138,505 in fees were paid to the servicing company and collection agencies, leaving \$1.26 million available to be paid back out in forgivable loan awards.

Summary of Accounts Under Management

Accounts are tracked by cohort. A cohort is defined by the year the student first received state-supported student financial assistance through a particular program. Cohorts for some programs were not closely tracked prior to FY 2006. Therefore, the data is limited for these cohorts. Of the 2,586 accounts under management during the fiscal year, 252 accounts belong to untracked cohorts. For all tracked cohorts, a total of 15,841 loans have been made over time and 2,334 remain under management.

Summary of Current Accounts

Accounts are current when the student is in school, in the grace or deferment period, or when the student is fulfilling the service obligation or making regular payments. For all accounts under management, 422 accounts (16%) are current.

Summary of Accounts in Default by Cohort

Of the 2,586 accounts under management, 1,792 accounts (69%) are currently in a default status. An account is considered to be in default if the account is non-current by 2 months or more or the account has been placed with a collection agency for collection. Cohort default rates are only calculated for tracked cohorts and were first calculated and reported in the FY 2011 Annul Report. Of the 15,841 accounts ever awarded in tracked cohorts, 1,553 accounts are in default, yielding an overall cohort default rate for all accounts in all tracked cohorts of 10%. Cohort default rates will change over time as accounts are serviced. The Office continually seeks to improve default rates.

Summary of Closed Accounts

During the 2019-20 Aid Year, 372 forgivable loan accounts (14% of accounts under management) were closed. Of these accounts, 184 (49% of closed accounts) were closed through cancellation by service, death, or disability; 58 (16% of closed accounts) were repaid through a combination of money and cancellation, and 130 (35% of closed accounts) were repaid with money. The cumulative principal cancelled over the course of repayment for these accounts was \$2.45 million (69% of the cumulative principal paid or cancelled). The cumulative principal paid over the course of repayment for these accounts was \$1.1 million (31% of the cumulative principal paid or cancelled). Accounts are closed by completion of the service commitment, monetary repayment, or a combination of service and monetary repayment. For all 15,841 accounts ever awarded in tracked cohorts, 88% have been closed. Of the closed accounts, 88% were closed by service or a combination of service and money.

Considerations for the Future

Demand for state aid continues to grow as more students establish eligibility for the Higher Education Legislative Plan for Needy Students (HELP) Grant. HELP is the state's only undergraduate grant program that considers financial need as a factor for eligibility. For low- and middle-income students, need-based grants are critical for enrollment, retention, and completion. The growth of HELP is unsustainable at current funding levels. The Mississippi Legislature should consider whether to invest more money in the state's existing financial aid programs or redesign the state's aid offerings. Critical to the considerations are the overall goals for state aid in Mississippi. Aid may serve as a reward for high school achievement, a subsidy for Mississippi residents, a lever to improve affordability, or a tool to close shortages in certain fields of the workforce. Consideration should be given to the effectiveness and efficiency of state aid programs in accomplishing the established goals. The Mississippi Office of Student Financial Aid and the Mississippi Postsecondary Education Financial Assistance Board stand ready to work with the Legislature to address these considerations.

Funding Disparities

Due to the availability of state support, some student financial aid programs cannot be fully funded every year. For grant programs that are not fully funded, all eligible applicants are awarded, but individual awards may be prorated. For loan programs that are not fully funded, awards are made on a first-come, first-served basis until funds have been exhausted. For two programs, Critical Needs Dyslexia Therapy Forgivable Loan Program and Speech-Language Pathologist Forgivable Loan Program, expenditures are restricted. For CNDT, no more than 20 students per cohort may be awarded, and for SLPL, no more than \$70,000 may be expended.

Overview of Forgivable Loan Accounts Under Management

State-supported forgivable loan awards may be repaid through service or money. On the opposite page is a summary list of the status of all accounts being managed during the fiscal year. ECSI manages repayment accounts on behalf of the state. Most accounts enter a grace period once a student separates from school. Repayment can be deferred for reasons of medical disability, military duty, bankruptcy, and sometimes for continued education. Current accounts are those with no principal or interest past due. Noncurrent accounts are past due. If ECSI is unable to service an account, the account is placed with a collection agency. Noncurrent and collection accounts are not eligible for service repayment. Accounts are closed by completion of the service commitment, monetary repayment, or a combination of service and monetary repayment. Accounts may also be closed for reasons of total and permanent disability or death.

Overview of Forgivable Loan Management

An account enters management under a third party when a contract is signed and funds are disbursed. Contracts are signed electronically after the borrower completes online entrance counseling. Heartland ECSI is the third party loan servicer for state educational loans.

Repayment Status and Method of Repayment

An account is "in school" status while the student is enrolled at least part-time in an approved program of study. Once the student separates from the program of study, the account enters an automatic "grace" period. The "grace" period for most programs is 12 months. Repayment can be "deferred" for bankruptcy, required military service, or temporary disability. For the administration of state loans, repayment can not be "deferred" for financial hardship. Repayment can be rendered through service or money. Current accounts include those in school, grace, deferment, or on-schedule repayment by service or money. Accounts are considered "non-current" and enter default status when they become two months past due. Accounts are placed with a collection agency after four months.

Accounts Under Management During the Fiscal Year by Cohort

Accounts under management during the fiscal year include all accounts at any repayment status that have been serviced by ECSI during the fiscal year. The "Under Management Rate" is the percentage of all tracked accounts ever awarded that remain under management by the loan servicer. Accounts are tracked by both loan program and by cohort; however, some programs were not tracked closely for many years or were altered in ways that prevent tracking. Therefore, some programs will include accounts under management that are not being tracked by cohort. "Untracked Accounts" are not included in the totals of all accounts awarded, the under management rate, the default rate, or the closed by service rate. A "Cohort" is defined as the year a student first receives state-supported student financial assistance through a particular program.

Revenue Collected in Repayment During the Fiscal Year

All forgivable loan recipients have the option to repay their loan with service or money. Repayment, either with service or money, must begin by the end of the "grace" period. If repayment is not rendered through service, a 5% penalty is applied to the principal for all loans initiated after July 1, 2014. Interest begins accruing on the combined principal and penalty when the account enters repayment at the conclusion of the grace period and accrues at a rate equal to the federal direct loan rate at the time the student enters repayment. Accounts become delinquent if repayment doesn't begin within 2 months of the conclusion of the grace period. Delinquent accounts are placed with a collection agency if repayment doesn't begin within 4 months of the conclusion of the grace period. The collection agency will apply a 21-28% collection commission to the combined principal and interest, which must be paid by the borrower in addition to the principal and interest. Accounts are also reported to the Department of Revenue when they are placed with a collection agency. The delinquent account balance may be offset by intercepting the borrower's annual state tax return.

Current Year Default Rate and Default Rate of All Accounts by Tracked Cohort

The "default rate" is calculated by dividing the sum of non-current money and collection accounts by the total accounts ever awarded.

Accounts Closed During the Fiscal Year and Over Time

Accounts are "closed" when the service obligation is complete or the debt is either cancelled or paid in full with money. Service is the preferred method of repayment. Accounts for which the debt is cancelled due to death or total and permanent disability are included with the accounts closed due to service. Programs with a low default rate (under 8%) and high rate of accounts closed by service (over 90%) are most effective. The "rate of closed accounts by service" is calculated by dividing the sum of all accounts closed by service and service/money by all accounts closed.

Critical Needs Alternate Route Teacher Forgivable Loan (CNAR)

Critical Needs Alternate Route Teacher Forgivable Loan awards were made to juniors and seniors seeking a first bachelor's degree at a Mississippi college or university in a program of study that led to an alternate route teaching license. Recipients may fulfill the service obligation by working full-time as a licensed classroom teacher in a Mississippi public school or district located in a critical teacher or subject shortage area for one year for each year of loan received. Recipients were NOT eligible to receive other state grant funds. Recipients received tuition and required fees, the average cost of room and meals, plus a \$500 book allowance for no more than two (2) full-time years. To be eligible, students were required to have a cumulative 3.0 GPA, pass the Praxis I, complete entrance counseling, and be enrolled full-time or part-time. Out-of-state students were eligible. The program has been discontinued. New awards were last made during the 2014-15 aid year. All accounts are now in repayment.

Family Protection Specialist Social Worker Forgivable Loan (SWOR)

The Family Protection Specialist Social Worker Forgivable Loan (SWOR) was created by the Mississippi Legislature during the 2006 Legislative Session to encourage family protection workers (FPW I or FPW II) currently employed by the Department of Human Services to obtain the college education necessary to become a licensed social worker or licensed master social worker and become a family protection specialist for the department. Awards are available to both full-time and part-time students. Students enrolling on a full-time basis may receive a maximum of two (2) annual awards. The maximum award will not exceed the highest tuition and required fees at a state institution of higher learning. Awards for part-time students will be based on hours enrolled with a minimum of six (6) hours required each semester. After a recipient has received a license from the Board of Examiners for Social Workers and Marriage and Family Therapists, the recipient shall render service as a Family Protection Specialist or higher for the Department of Human Services for a period of not less than three (3) years from the date the individual became a Family Protection Specialist.
