Central Access ACT Data Import

Your Data Your Way

In partnership with the Mississippi Office of Student Financial Aid, Central Access has created awesome new ways for you to ingest your ACT Superscore data.

New ways to manage your ACT data

Central Access is proud to announce a partnership with SFA to help you and your districts better integrate and export your ACT Data. Starting Fall of 2023, SAM users will be able to use new features found under **Generic Import** and **Student Standardized Tests** to import ACT Superscore Data into SAM. Additionally, in conjunction with SFA, we have written queries to help you quickly and efficiently export data out of SAM in the correct reporting format.

Whats New for You

✓ New Generic Import ACT fields for ACT Superscore.

✓ Student Standardized Test expansions for ACT Superscore.

✓ New Export Queries from CA to help you gather ACT Superscore Data for reporting.

✓ Increased partnership between CA and Mississippi Office of Student Financial Aid to help your district succeed.

Super Support
In partnership with SFA, CA has developed new queries to fit the High School Grade File format. These can be setup via ad-hoc or your preferred cac-agent.

Data to Anywhere
Need ACT Superscores imported? We have got you covered. New features in Standardized Tests and Generic Import allow you to add ACT Superscore data into your SAM!

Continuing Partnership
With ever-expanding integrations, new features are being added all the time.
