E. Military Service Deferment

1. In terms of military service the following definitions shall apply:
  - a) **REQUIRED** military service is that service which is required of an individual in the service of the Armed Forces of the United States; it does not include a military service obligation incurred to repay a grant, stipend or scholarship granted the individual prior to, during, or after the award under the State Medical Education Forgivable Loan program.
  - b) **OBLIGATED** or **VOLUNTARY** military service is that service which is performed by the individual in repayment of a debt owed the United States government as a result of military scholarships, ROTC scholarships, etc. received by the individual. Service is **VOLUNTARY** if the individual is not obligated to incur a period of military service, but chooses to incur the service obligation.
2. An MED forgivable loan recipient shall be eligible for deferment of the accrual of interest and the repayment of principal and penalty during the time of required military service.
3. The military deferment must be requested in writing to the Board or its loan servicer, stating beginning and ending dates of such required military service, and must be accompanied by a copy of the military orders.

6. If a recipient obligates himself/herself to **VOLUNTARY** military service prior to, during, or after the MED award, then that person shall be declared ineligible for military deferment and the remaining unsatisfied principal, penalty, and interest shall become due and payable to the Board according to the terms outlined in Section V.C.

**VII. CANCELLATION OF DEBT**

A. Death

1. If an individual recipient dies, then the recipient's obligation to repay the loan or render service is canceled.
2. The Board shall require a copy of the death certificate or other proof of death that is acceptable under applicable State Law. If a death certificate or other acceptable proof of death is not available, the recipient's obligation for service or repayment on the loan is canceled only upon a determination by the Board on the basis of other evidence that the Board finds conclusive.
3. The Board may not attempt to collect on the loan from the deceased recipient's estate.

B. Total and Permanent Disability

1. If the Board determines that an individual recipient is totally and permanently disabled, the recipient's obligation to make any further payments of principal, penalty, and interest on the loan is canceled. A recipient is not considered totally and permanently disabled on the basis of a condition that existed before he/she applied for the forgivable loan, unless the recipient's condition has substantially deteriorated since he/she submitted the forgivable loan application, so as to render the recipient totally and permanently disabled.
2. After being notified by the recipient or the recipient's representative that the recipient claims to be totally and permanently disabled, the Board shall promptly request that the recipient or the recipient's representative obtain a certification from a physician, who is a doctor of medicine or osteopathy and legally authorized to practice, on a form provided or approved by the Board and other necessary documents as requested, that the recipient is totally and permanently disabled. The Board shall continue collection until it receives the certification or receives a letter from a physician stating that the certification has been requested and that additional time is needed to determine if the recipient is totally and permanently disabled. After receiving the physician's certification or letter and other necessary documents as requested and the student is found to be totally and permanently disabled, the Board may not attempt to collect from the recipient.
3. If the Board determines that a loan owed by a recipient, who claims to be totally and permanently disabled, is not eligible for cancellation for that reason, or if the Board has not received the physician's certification and other requested documents, as described in Section VII.B.2., within 60 days of the receipt of the documents as described in Section VII.B.2., the Board shall resume collection and shall be deemed to have exercised forbearance of payment of principal, penalty, and interest from the date

the Board received the documents described in Section VII.B.2. until such a determination of ineligibility is made by the Board.

C. Bankruptcy

MED forgivable loans are nondischargeable in bankruptcy.

**VIII. WARRANTY**

The acceptance of the MED forgivable loan shall serve to appoint the Secretary of State of the State of Mississippi by each recipient as his/her designated agent for service of process, upon whom may be served all lawful processes and summons in any action or proceeding against him/her in the event he/she removes himself/herself from this State and the processes of its courts, growing out of any breach of Contract and Note by the recipient for failure to fulfill his/her Contract and Note with the Board or, to repay the MED forgivable loan, including penalty and interest pursuant to the law and Contract and Note, and, said acceptance of the loan rights and privileges shall be a signification of the applicant's agreement that any such process or summons against him/her, which is so served upon the Secretary of State, shall be of the same legal force and validity as if served on him/her personally. The venue of all causes of action against such nonresidents shall be Hinds County, Mississippi.

**IX. AUTHORIZATION**

The acceptance of the MED forgivable loan shall serve to authorize the Mississippi Office of Student Financial Aid, the Board, and their respective agents and contractors to contact the recipient regarding the recipient's loan request or loan(s), including repayment of loan(s), at the current or any future number the recipient provides for the recipient's cellular phone or other wireless device using automated telephone dialing equipment or artificial or pre-recorded voice or text messages.
